

**Due After Winter Break (Week of January 3<sup>rd</sup>, 2022 )**  
**5<sup>TH</sup> GRADE BAND PROGRAM**

*Home Concert Assessment Form*

Please allow your child to perform a “mini concert” for you and as many family members as possible. Given the holidays, I have told your child that it would be a nice idea to perform for the whole family. The song(s) should be performed from a current lesson in the student’s book, a lesson supplement, or music to be performed in band class. **Students have to select AT LEAST three songs. They can choose any of the songs listed on the back side of this paper.** Once the student has performed, please fill in this form, sign it, and have the student return it to me at the next band class. Please take a moment to write at least a sentence or two under comments for your child. I find this feedback to be very useful. This assessment is very important for the development of your child’s instrumental music ability. **It is also important that your child be encouraged to practice and be given positive support on a consistent basis.** If you have any questions or concerns, please email me.

Thank you!
